- **VP IT / Inventory:** Hon. Mike Keder, VP IT/Inventory
  - Business picked up in June.
  - Added a registration form for Rimfire Benchrest, as well as making some related changes to their discipline page.
  - Added another registration form for Bob Jewell – Next Level Handgun Training Class.
  - Sent a few eBlasts, one regarding the Membership Management System password requirements change, which got some interesting responses.
  - Still working with Zimcom on the delayed email problem. It seems to be intermittent.
  - IT's 'technical staff' has recommended delaying the purchase of a new clubhouse PC for two years. This is a win-win for IT since his term is up in one year and four months (but who's counting?). If the PC dies before that he can say "I told you so.", if not it becomes someone else's 'opportunity'.

- I straightened out some billing that Todd Pricket had been paying for a few years so they will now be charged to the club credit card. Mr. Herdering can verify.
- Tried out some software changes that Todd made for programs that Johnny T and I use. Nice improvement over the old method.

## **July Board Report for IT and Inventory**

Business picked up in June.

I added a registration form for Rimfire Benchrest, as well as making some related changes to their discipline page.

I added another registration form for Bob Jewell – Next Level Handgun Training Class.

Sent a few eBlasts, one regarding the Membership Management System password requirements change, which got some interesting responses.

Still working with Zimcom on the delayed email problem. It seems to be intermittent.

My 'technical staff' has recommended delaying the purchase of a new clubhouse PC for two years. This is a win-win for me since my term is up in one year and four months (but who's counting?). If the PC dies before that I can say "I told you so.", if not it becomes someone else's 'opportunity'.

I straightened out some billing that Todd Pricket had been paying for a few years so they will now be charged to the club credit card. Mr. Herdering can verify.

Tried out some software changes that Todd made for programs that Johnny T and I use. Nice improvement over the old method.

I may not make it to the July Board meeting depending on our kitchen remodeling preparation progress.
